

Latest news from the Northgate project team

May 2022

Forthcoming Highways works

We will be carrying out a series of works around the site to provide access for pedestrians, public transport and vehicles.

The works have been scheduled to minimise their impact on through traffic and to avoid forthcoming city centre events, race meetings and the Jubilee bank holidays.

St. Martins Way – 16 to 21 May 2022

Overnight only closures between Fountains Roundabout and Watergate Street from 8pm to 6am as follows:

- 16 May – **full closure** in both directions for surface planing works
- 17 & 18 May – **southbound** closure for resurfacing
- 19 & 20 May – **northbound** closure for resurfacing, completion of central reservation and road marking
- 21 May - **southbound** closure for completion of central reservation and road marking.

To help minimise the impact, we are trying to ensure that the most noisy and disruptive works are carried out between 8pm and 10:30pm, and to maintain access to and from Princess/Trinity Street and Hunter Street/Sens Close for residents. Specific diversion routes will be provided each night for traffic using the inner ring road.

Hunter Street – 13 May & 6 to 15 June 2022

Daytime closures of Hunter Street to through traffic between 8:00 and 16:30 for crane access, resurfacing and paving works, but excluding weekend of 11 & 12 June. During the closures, Northgate Street will operate as a two-way traffic flow with exit via Canal Street and the Fountains Roundabout only.

To reduce the number of vehicles using Northgate Street, a traffic marshal will be positioned at the northern end of Northgate Street (at the junction with George Street and Canal Street), between 10:30 and 16:30 Monday – Friday, to ensure access-only traffic is allowed. See more details [here](#).

Exchange Square

Work is now progressing on Exchange Square - the seating, planting, living wall and paving are really taking shape. We hope the new square will become a fantastic new social space for the city, south facing and shielded on all sides.
